

Basingstoke & Deane

Neighbourhood Watch Newsletter

Issue: 11, December 2018

On behalf of all the BDNW team, can I wish you and your family a very happy Christmas and a peaceful and successful New Year. Thank you so much for your support over the past 12 months, we look forward to another successful year.

In This Issue

- * Welcome
- * Crimestoppers NW update
- * Safer North Hants team news
- * CSPO team update
- * Basingstoke Police update
- * Updated Officer/Beat contacts

Request for support

My small team of volunteers work hard to support you and your schemes every week of the year but we could do with some support ourselves. If you have a little free time and would like to help us, please get in contact and we can then discuss it with you.

Welcome to the Christmas newsletter, I do hope you are finding them useful—we'd love to hear from you on anything you would like to see added (or removed).

During 2018 we have been very successful in starting new schemes, esp. Area Schemes and recruiting new co-ordinators to the various roles. Areas to note are;

- Sherborne Fields; the original three coordinators resigned for various personal reasons and I am pleased to report we now have two new coordinators appointed and they have commenced to restart the area scheme, including the Facebook pages.
- Winklebury; a great success, a large Area scheme led by two local councillors, Ruth Cooper and Andy McCormick. They have a very active Facebook community and hold monthly meetings for coordinators to attend and get updates, BDNW and the local PCSO's also attend. There are well over 150 members to date and rising.
- Brighton Hill; our newest Area scheme, again led by councillor Andy McCormick and a new lead coordinator Kate Bishop. Four other coordinators are in place and they are up and running.

I would also like to thank those of you who turned out to support the Crimestoppers Most Wanted events this year, local coordinators are a real plus and it also gives you the opportunity to meet Crimestoppers and Police colleagues. This years campaign attended 4 towns, Portsmouth, Southampton, Eastleigh and Basingstoke and was very successful once again and many members of the public stopped to chat about it, we hope to run another campaign in 2019.

The team are still supporting many events during the year, including supporting our Safer North Hants colleagues at Stronghold events, the PCC events in our area and sometimes Countywide and attending your local meetings. If you hold meetings do tell us and we can send a team member to join in and update you all.

Neighbourhood Watch/Crimestoppers Report April—June 2018

The latest report from Crimestoppers details the impact that calls to them have had on the overall crime reporting levels.

These stats relate to the total crime reporting for the Second quarter of 2018:

- Drug Trafficking and Supply is the most reported crime by far, making up **45.37%** of total submissions over the past 3 months.
- The next three most reported crimes for this period are Drink Driving, Disqualified and Uninsured Drivers and Drug Manufacture and Cultivation.
- The busiest month for crime reporting was May with **259** total submissions to Hampshire Constabulary, followed by April with **242**, and June with **217**.
- Total submissions for this quarter was **864**, an increase of **149** submissions from the previous quarter. This reflects our expectations as crime reporting as a whole increases during the spring and summer months.

This quarter yielded a total of **276** positive outcomes, leading to a total of **18** arrests or convictions as a sole result of Crimestoppers submissions.

April was the most successful month for positive outcomes, with a total of **108** submissions leading to a positive action. June however was the most successful month for receiving information which led to **8** arrests or individuals being charging.

- April saw arrests for Disqualified and Uninsured Drivers (3) and Drink Driving (1)
- May saw arrests for Assault and Harassment (1), Drugs Trafficking and Supply (3) Drink Driving (1) and Disqualified and Uninsured Drivers (1)
- June saw arrests for Drug Trafficking and Supply (2), Drug Manufacture and Cultivation (2), Disqualified and Uninsured Drivers (1), Drink Driving (1) and Wanted Persons (1).

The second quarter had significantly more Crimestoppers reports which led to the arrests of individuals.

Again, these numbers do not give a true representation of the role of Crimestoppers intel within Policing. CS submissions help to build up a picture of criminal activity, informing decisions such as PC and PSCO patrols, warrant applications and district targets.

For the full report, use this link and download it; <http://bdnw.org.uk/v3.index.php/crimestoppers>

Message for Coordinators

Would all existing coordinators please keep us updated on any email or telephone changes.

Also be advised that you **cannot** simply pass on the role to another resident or appoint new coordinators, they must be police checked before they can take up the responsibility. This is a straight forward and simple process, contact us for assistance.

News from the Basingstoke Safer North Hampshire teams

Email: communitysafety-team@communitysafetynh.org Web: www.safernh.co.uk

Facebook: www.facebook.com/safernorthhants Twitter: www.twitter.com/safernorthhants

Did you know there is a great way to report problems with your road now, it's called "Fix My Street" and is available on the web or via apps on your smartphone. The apps are available in your smartphone store and the web address is <https://www.fixmystreet.com/>

Christmas safety and Crime Prevention

At this time of year we have a lot more valuable items in and around our homes as we buy Xmas presents. Online shopping is now very popular and delivery drivers are constantly in our neighbourhoods but so are thieves!! Be aware and make sure you secure your property, gates doors and windows. Don't leave items in full view through your windows, this is an open invitation to thieves.

Immobilise

We recommend residents register valuables on the Immobilise website—www.immobilise.com. This helps Hampshire Police reunite owners with any property should it be stolen and subsequently found. Photos, distinguishing marks and serial numbers can be added.

Your BDNW team will be supporting the Basingstoke event, I hope you can drop by and say hello.

Basingstoke Residents Survey — underage drinking

We're working with Community Alcohol Partnerships (CAP) a national organisation, to assess the level of underage drinking and associated antisocial behaviour in the Basingstoke and Deane area.

We'd like residents to complete the following survey, which will help us assess the need for further work around this problem, as well as any resources required.

<https://www.surveymonkey.co.uk/r/BZLPZHD>

Christmas Crime Prevention Roadshows

We will be holding a series of crime prevention roadshows across the area in the run-up to Christmas. Come and see us between 11—1pm at the following venues:

3 December	Festival Place, Basingstoke
4 December	Princes Mead, Farnborough
18 December	Hart Shopping Centre, Fleet
20 December	Wellington Centre, Aldershot

Community Safety Patrol team (CSPO's)

Website: <https://www.basingstoke.gov.uk/cs-po-team>

Email: cs-po@basingstoke.gov.uk

Tel: 01256 844844 and ask for the Community Safety Patrol team

CSPO's are usually found patrolling in their designated areas but do go where required. This map shows who is assigned to where and who to ask for. It is about to be updated and we will send you the new map when it's released, in the meantime you can download the current version from our website at <http://bdnw.org.uk/v3/index.php/leaflets>.

As the long dark nights commence, it's a good idea to make sure your security is good.

Download and read this leaflet from our website and circulate it to your residents, it contains simple and sensible messages to keep their property more secure.

<http://bdnw.org.uk/v3/index.php/leaflets>

Responsible Dog Ownership campaign

The CSPO team are responding to issues that a very few dog owners cause to vast majority of our residents. You will start to see signs and leaflets around giving advice on this topic, please report any problems to them via the contact details at the top of this page—your support is very much appreciated.

The Basingstoke Police Commander is Chief Inspector Matthew Reeves, he can be contacted via the 101 number.

Did you know that you can access all your local police and crime information in one place, WWW.POLICE.UK. You can find out your local police team and contact details, access the local crime map with details and much more. It works on all Internet enabled devices.

Richard Lane, Basingstoke Town Neighbourhood Policing Team Inspector.

Within Basingstoke District, we are required to have local policing priorities. These are centred on reducing the impact of 'high harm' offences, often involving extremely vulnerable victims. Examples include reducing harm caused by the supply of controlled drugs, domestic abuse and criminal and sexual exploitation of young people. However, we would still like your help to identify your local policing community priorities. We will be sending out a survey in mid November via Hampshire Alert and Facebook (Basingstoke Cops). Please have a look and let us know about what your priorities are. We will review the information you send us, along with our own figures tell us about crime in your area to determine where we can be most effective in reducing and detecting offences. Working with our communities has already helped us in arresting a male responsible for a large number of theft from motor vehicles in the north of Basingstoke town and in reducing anti social behaviour incidents in Basingstoke town centre. At this time of year, it is right to remind you to take care of yourselves and your property. Simple things such as not leaving presents obviously on display and leaving lights on when it is dark and you are out of the house will go a long way in deterring criminals. If you would like any further advice, then please feel free to contact your local Neighbourhood Policing Teams. If you would like to contact us otherwise, please use 999 in an emergency and 101 for non emergency calls.

Reporting Crimes and Issues to the Police

A message from our police liaison team member, Brian Adams

There are now several ways that NW coordinators, members and residents can report all types of crime and other issues/activities to the Police.

1. You can now report crime online, this is much faster than calling 101 and achieves the same result. Go to <https://www.hampshire.police.uk>, click on REPORT (or other appropriate box) then follow the prompts. Report will take you to a selection from Crime, Anti Social Behaviour, Road Traffic Incident, Missing Person etc. where you will be offered guidance on how to proceed.
2. Depending on the situation, you can use the 101 or 999 telephone numbers. 101 is a fixed fee regardless of time, but bear in mind that this number is answered by the same call centre as handles the 999 emergencies, so you may sometimes need to hold or try again later.
3. You can ring Crimestoppers at any time, day or night. You will always be anonymous and your intelligence information will be passed to the police. Ring 0800 555 111 or use their on line form at <https://crimestoppers-uk.org/give-information/forms/give-information-anonymously>
4. You can also contact Hampshire Police on line at any time, day or night at <https://www.hampshire.police.uk/ro/report/ocr/how-to-report-a-crime/>

A final note.....

A few coordinators have recently emailed issues to me, I am the volunteer police support civilian person who deals with all of the Basingstoke NW administration at the Neighbourhood Police Team. Please note that I am not a Warranted Police Officer and at best I am only in the police office on some Fridays. Similarly, emailing police officers directly is not encouraged, as they work varying 24/7 shifts and have to take "Rest Days" as well as normal leave. All of this means that **there will be an unavoidable delay** to any such emails, hence the options given above are your recommended contact methods.

Please do help our police officers by always reporting issues however small as all information is collated and very often can result in an arrest even if at a later date.

Police Officer Assignments and contact details

NPT Assignments (Town)

Area	Rank	Collar	First	Last	N/Hood
	PS	21658	Jen	LOVEGROVE	
	PS	25088	Trevor	TAYLOR
